## Objective

Sophomore Petroleum Engineering major looking for an internship for the Summer of 2017. I would accept the challenge of an opportunity that employs my current skills while allowing me to develop new ones.

## Education

### Texas A&M University, College Station, Texas

Bachelor of Science in Petroleum Engineering - May, 2019

- Minor in Mathematics - May, 2019
- GPR: 3.380

## Honors

Accepted in Engineering Honors at Texas A&M - February 2015  
Accepted in University Honors at Texas A&M - February 2015  
Accepted in Harold Vance Department of Petroleum Engineering - July 2016

## Experience/Activities

### Member, Society of Petroleum Engineers; College Station, Texas — 2016

Attends meetings to engage in the petroleum engineering environment.

### Fundraising Committee, Aggie Fish Club; College Station, Texas — 2015-2016

Assisted as a part of a committee that was dedicated in raising funds for two philanthropies through fundraisers and coordinated a golf tournament.

### Support Staff, Top Golf; The Colony, Texas — Summer 2016

Monitored guests, washed dishes as well as brought out finished dishes to guests, set up and closed down business when necessary.

### Assistant, Legal Speeding Enterprises; Blue Ridge, Texas — 2014-2016

Assisted a small business in production and packaging of products, helped access issues with older products to develop newer improvements, organized customers into a database for easier contact means (SalesForce).

### Shadow, Pipeline Resources Inc; Van Alstyne, Texas — Summer 2014

Shadowed President/Owner of small private oil and gas company in office, witnessed a drilling site, toured drilling site.

### Cashier, Taco Bell/KFC; McKinney, Texas — Summer 2013

Maintained guests, took orders, prepared meals.
